TRICKSTERS AND WISE WOMEN: HOW STORIES TRAVEL THE WORLD—6PM—JULY 18TH!

Folktales reveal what we value, what makes us laugh, what makes us cry, and what we hope to be. There are many versions of the classic Cinderella fairy tale, each representing the culture and place of the people who tell them. At their core, folktales tell life lessons and present the role tricksters and wise women often played. This talk will uncover the differences between myth, legend, tall tale, and folktale, and explore differences between cultural appropriation and cultural appreciation. Presented by Priscilla Howe. *Priscilla is a professional storyteller and author from Lawrence. A light evening meal will be served at 6 pm followed by the fun-filled program. This program is planned for adults, so please join us!*
